- >> A sense of belonging.
- >> Friends and memories to last a lifetime.

Immerse yourself in the college experience.

Live and learn in a safe, healthy, and attractive environment.

A SHORT WALK

Living on campus means you are close to the dining center, classrooms, library, gym, and more! Everything is just a short walk, so it's quick and easy to get around campus.

COMFORTABLE

Students love the comforts of living on campus. All apartments are fully furnished and smoke-free environments. They are spacious and include full kitchens.* Plus, the rent rates include the cost of all utilities, high-speed internet access, and cable TV.

SAFE AND SECURE

Professional live-in staff and student resident assistants are responsible for general supervision and support of our residential students. Uniformed campus safety officers are on duty 24/7 to ensure a safe and secure campus atmosphere. Officers are trained in CPR, first aid, emergency response procedures, sexual assault response, and cultural diversity.

FRIENDS AND FUN

Let's face it... living on campus is fun! The friendships you make in college may last a lifetime. Living with other students allows you an opportunity to grow and learn about yourself and others. Residential students are much more likely to get involved in clubs, athletics, and student government, as well as participate in a wide variety of student activities.

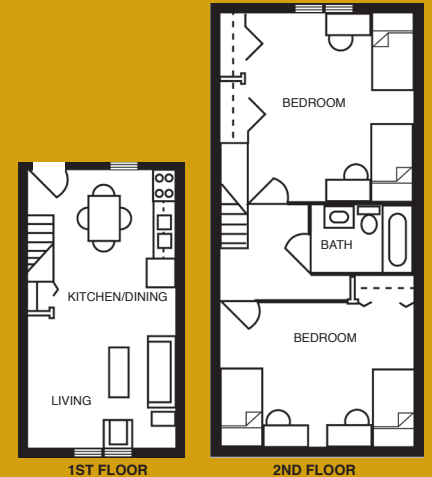

**Kitchens are standard in all apartments; however, all residential students are required to purchase a meal plan.*
