

Herkimer™

THE STATE UNIVERSITY OF NEW YORK

What is Degree Works?

Degree Works is similar to the Academic Plan but has more features. It is a web-based advisement tool which can be used as a road map towards students' graduation. Degree Works matches students' academic and course history against the degree requirements as defined in the College Catalog. It can also provide specific guidance on recommended future course requirements. Advisors can use the tool to evaluate students' progress and alignment of their program of study to their academic and career goals.

Who has access to Degree Works?

Any matriculated student who has been enrolled within the last year has access to Degree Works.

How do I Access Degree Works?

There are two ways to do this.

1. my.herkimer.edu (Recommended)
 - Scroll down to the Quicklinks section
 - Click on DegreeWorks (found on the left hand column)
2. Click on www.Herkimer.edu/banner
 - Login to your account
 - Enter your User ID: HCCC id number or Social Security number Enter your pin
 - Select: **Student & Financial Aid**
 - Select: **Registration**
 - Next click on **Degree Works**

What are the benefits of Degree Works?

- Available via the web 24/7.
- Learn the degree requirements and identify the courses you must complete to earn your degree.
- Learn, before you change your major officially, how the courses you have completed meet the new major requirements.
- See how the courses you want to take in the future will apply to your degree requirements.

Benefits of Degree Works. . .continued

- View the Schedule of Classes and select courses for the coming Semester.
- Learn about the course including description and pre/co-requisites for which you want to register.
- Estimate how many semesters it will take you to graduate.
- Link to register for classes.

How does my Degree Works audit differ from my transcript?

- Degree Works is a computerized program that displays courses required and completed in the major.
- Your transcript is the official college record listing the courses taken each semester.
- Degree Works allows you to print an advisement transcript used strictly for advisement purposes.
- To obtain an official transcript you must request it from the Registrar's Office.

GPA CALCULATOR

The calculator can help students in realistic goal setting at the beginning of the term, precise calculation of their end-of-term GPA using students' actual academic information, and accurate mapping of students' paths of achieving honors, or avoiding probation.

Functions and Features: GPA Calculator

Enter:

Current GPA	2.96
Credits Remaining	20
<u>Credits Required</u>	60
Desired GPA	3.00

Calculate

Current GPA	2.96
Credits Remaining	20
Credits Required	60
Desired GPA	3.00

Result: You need to average a 3.07 over your final 20 Credits to graduate with your desired GPA.

Graduation Calculator

This calculator takes the credits remaining, credits required and desired GPA as input and returns what kind of average the student needs to achieve the desired GPA.

Functions and Features: GPA Calculator

Calculated GPA 3.00

By achieving the grades listed here, your GPA at the end of the term will be 3.00

Term Calculator

This calculator is used to calculate end of term GPA based on student's performance for the term. It takes course credits and grade as input and returns end of term GPA based on those grades.

Functions and Features: GPA Calculator

Entered:

Current GPA	<input type="text" value="2.96"/>
Credits Earned	<input type="text" value="51"/>
Desired GPA	<input type="text" value="3.25"/>

Current GPA	2.96
Credits Earned	51
Desired GPA	3.25

To achieve your desired GPA, you need one of the following:

Result:

- 19 Credits at 4.00 (A+) grade average
- 19 Credits at 4.00 (A) grade average
- 19 Credits at 4.00 (A+) grade average
- 19 Credits at 4.00 (A) grade average
- 32 Credits at 3.70 (A-) grade average
- 32 Credits at 3.70 (A-) grade average

Note: Results that would require you to take more than 150 Credits have been omitted.

Advice Calculator

This calculator takes desired GPA as input and returns different combinations of grades how a student can achieve that desired GPA.
